

Black Hills Caverns

Cave Tour Release – Service Animal**

I, _____, have requested that I be allowed to tour the Black Hills Caverns with my service animal. I will do the following:

1. Keep Service Animal on a lease and at my side at all times.
2. Not allow my animal to urinate or defecate the cave in any way. In the event my animal causes any damage to the cave, I will pay all costs to repair or clean cave area damaged.
3. I hold harmless Kelly Johnson Inc., Black Hills Caverns, and all the staff for any damage or injury to my service animal, myself, and those accompanying me on cave tour.

Please NOTE: Due to the Metal non-slip Grates (Adventure Tour pathway) the Crystal Tour is only available tour for a service animal unless service animal wears protective boots.

I attest that my need for a service dog does not include any medical reasons that would make a cave tour difficult, and that I and my service dog are physically capable to complete a cave tour.
